

Portable Fire Extinguisher

Introduction

The "Portable Fire Extinguisher" training course was developed by a team of professionals who wanted to improve efficiency measures and respect for occupational health and safety standards. This 30-minute training course can be taken at any time.

Description

A portable fire extinguisher is an essential prevention tool in a fire. It is therefore mandatory that all establishments provide one or more fire extinguishers and ensure that they are inspected and properly maintained. When a fire breaks out, the fire can quickly grow and become very destructive. That's why it's important to know how to react quickly and properly. The first priority is your safety and that of the occupants.

Target Population

This training course is intended for all regular and casual workers as well as for all corporate executives.
